In the past months, the Listserv was updated to 16.0 and moved to a new server. I would suggest placing a link to the new manuals on the HSLI website and removing the Listserv 14.3 documentation on the board site. Here is the link to the new manuals

I have also been serving on the joint Midwest/MLA conference planning committee in Finance and will continue to serve with Dianne Olson after the meeting to see that the bills are paid.

Respectfully submitted,

Fran Kovach
