

HSLI Group Purchase Report
Board action required.
Submitted by Virginia Gale, Past-President
August 7, 2014

Committee Members: Virginia Gale, Beth Robb

1. Current Project—2014 Group Purchase:

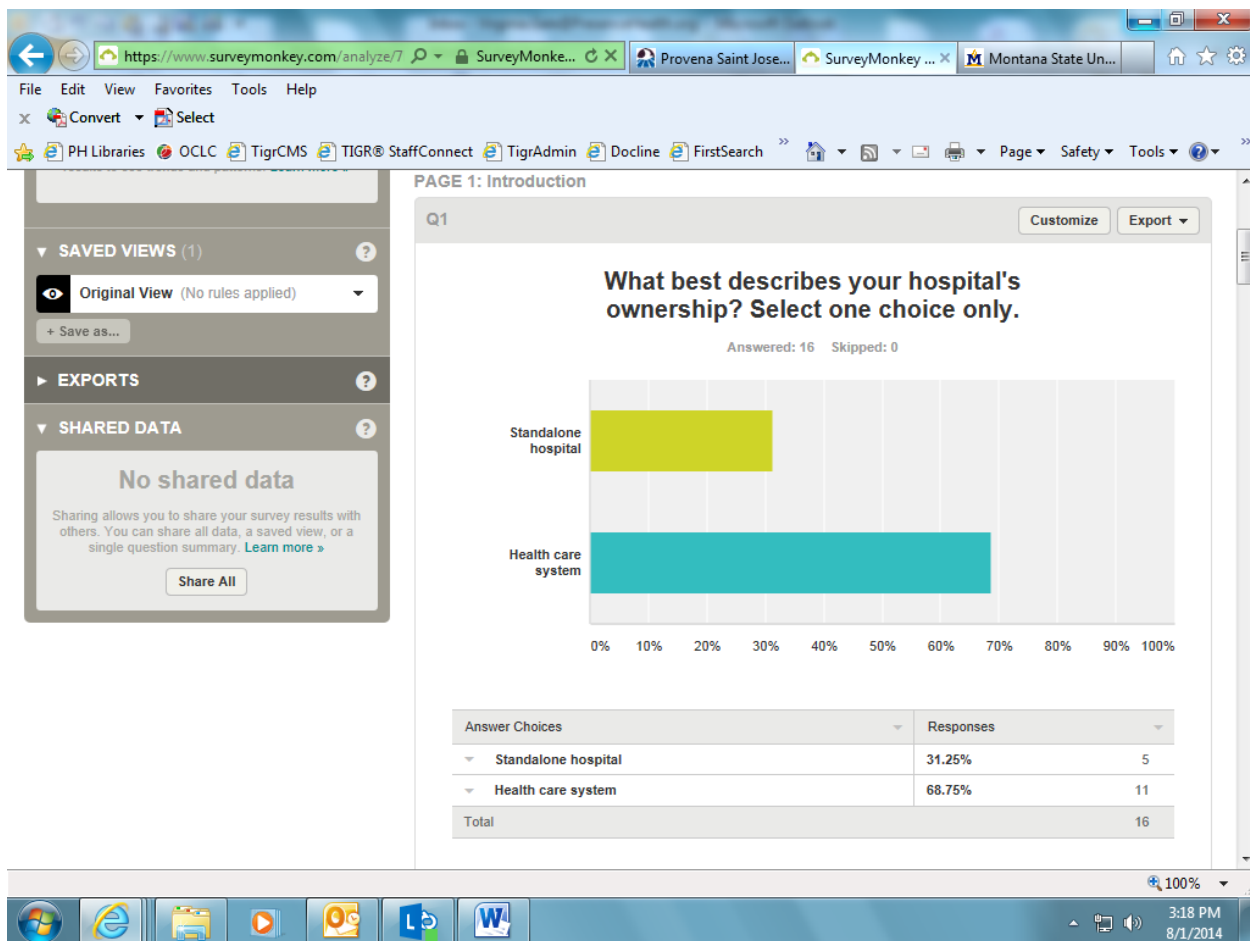

- A. Ovid: Received Ovid pricing. LWW Total Access price increase 20%, will be 15% for each of the next three years. Sent Survey Monkey survey to hospital librarians to query their future plans for Ovid. Due to mergers, we were unsure how many would still want or be able to license Ovid. Attaching results. Due to my free account, I was unable to create a report within Survey Monkey that displayed the graphs in color, so I took screen shots.
- B. Ebsco: Requested Ebsco pricing from Chris Duarte, have not received it. Emailed Linda Feinberg to ask if she had received pricing from Ebsco. She received her own invoice, but not HSLI pricing.
- C. Rittenhouse R2 Library: NN/LM members are eligible to participate in Rittenhouse R2 Library via the Midwest Collaborative for Library Services.

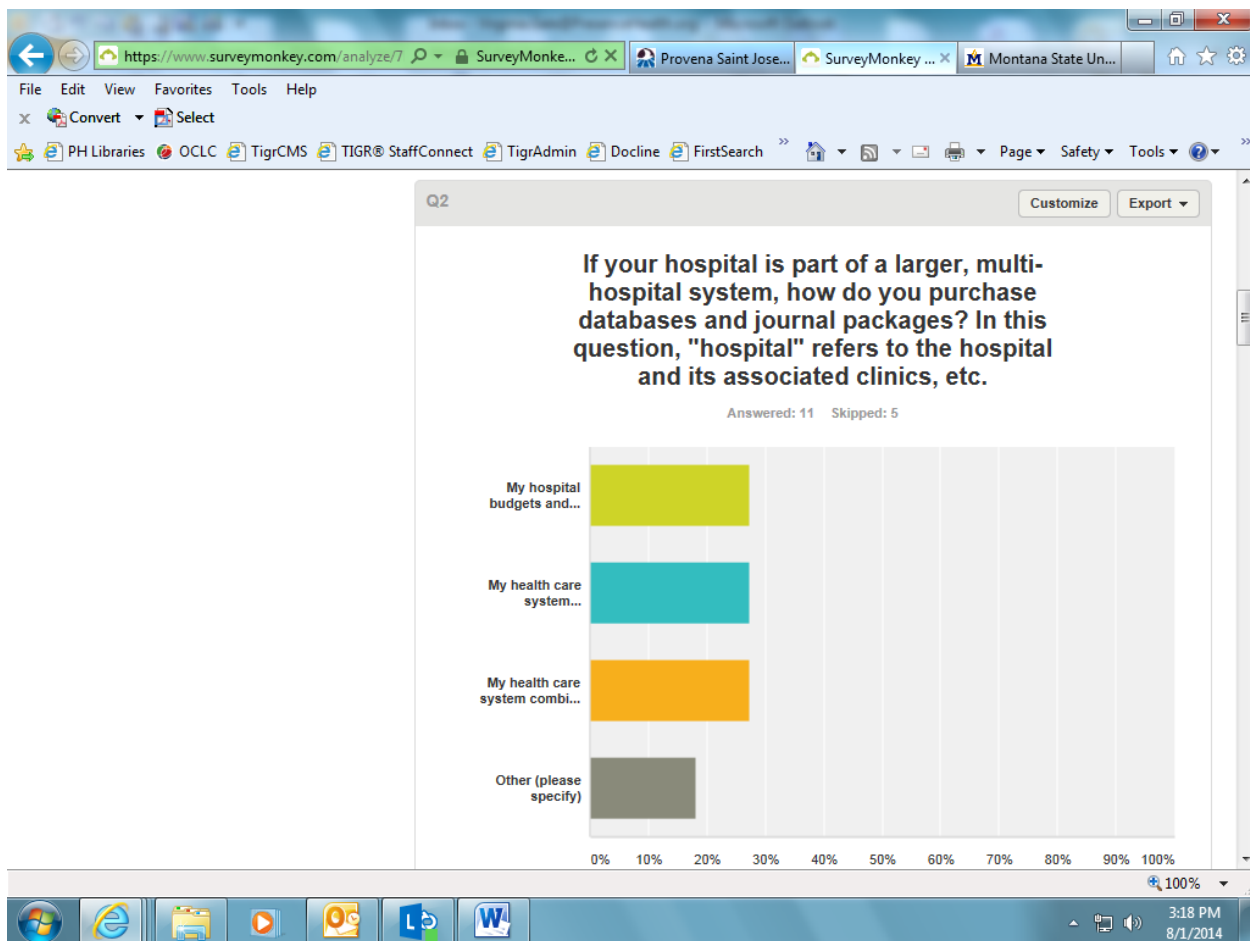

2. Board Action Items:

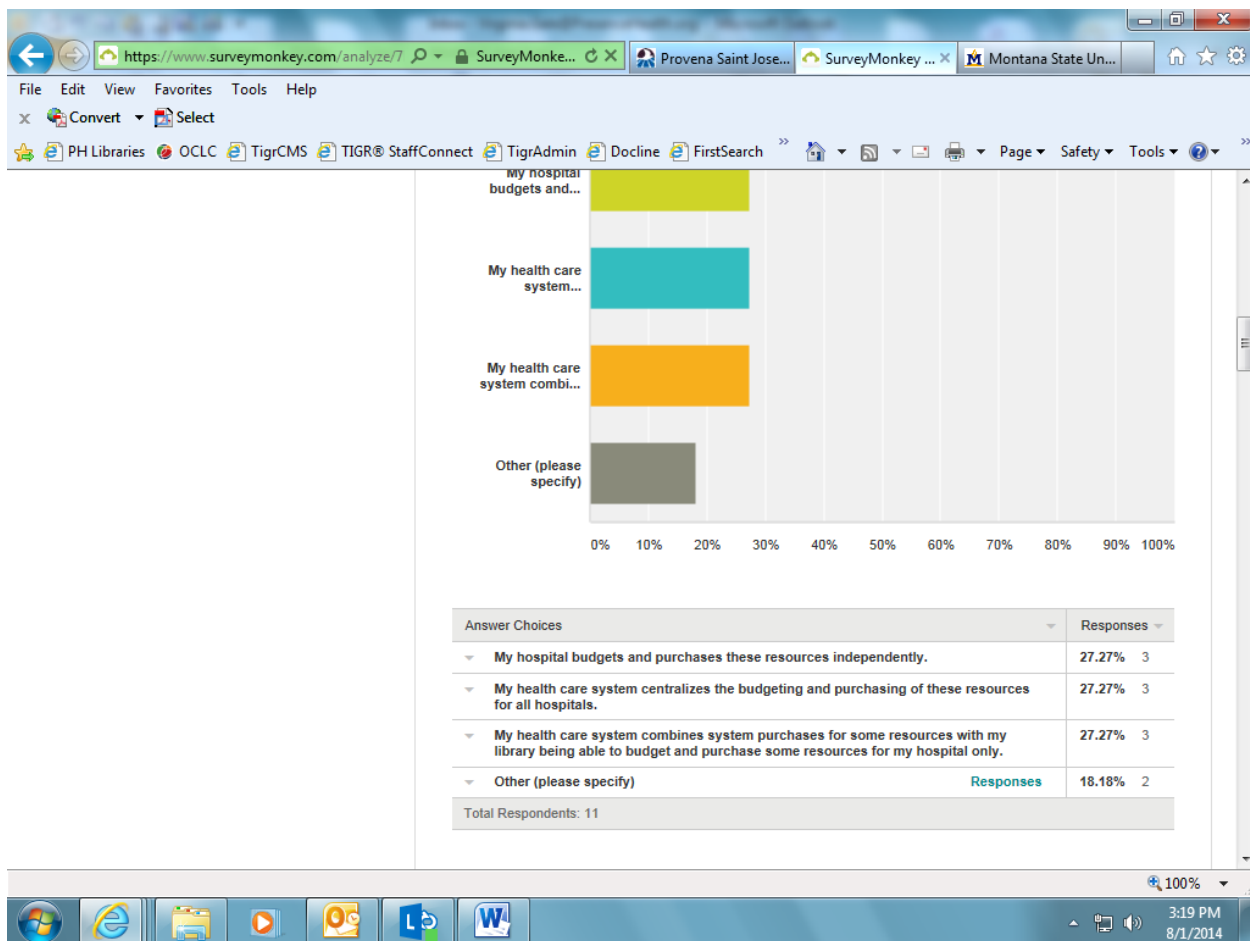

I submit my resignation in the HSLI Group Purchase Committee. Vendors no longer negotiate. They set pricing. I think that with our purchase model and no central office handling payments, along with the relatively small number of participants, I am not able to influence prices.

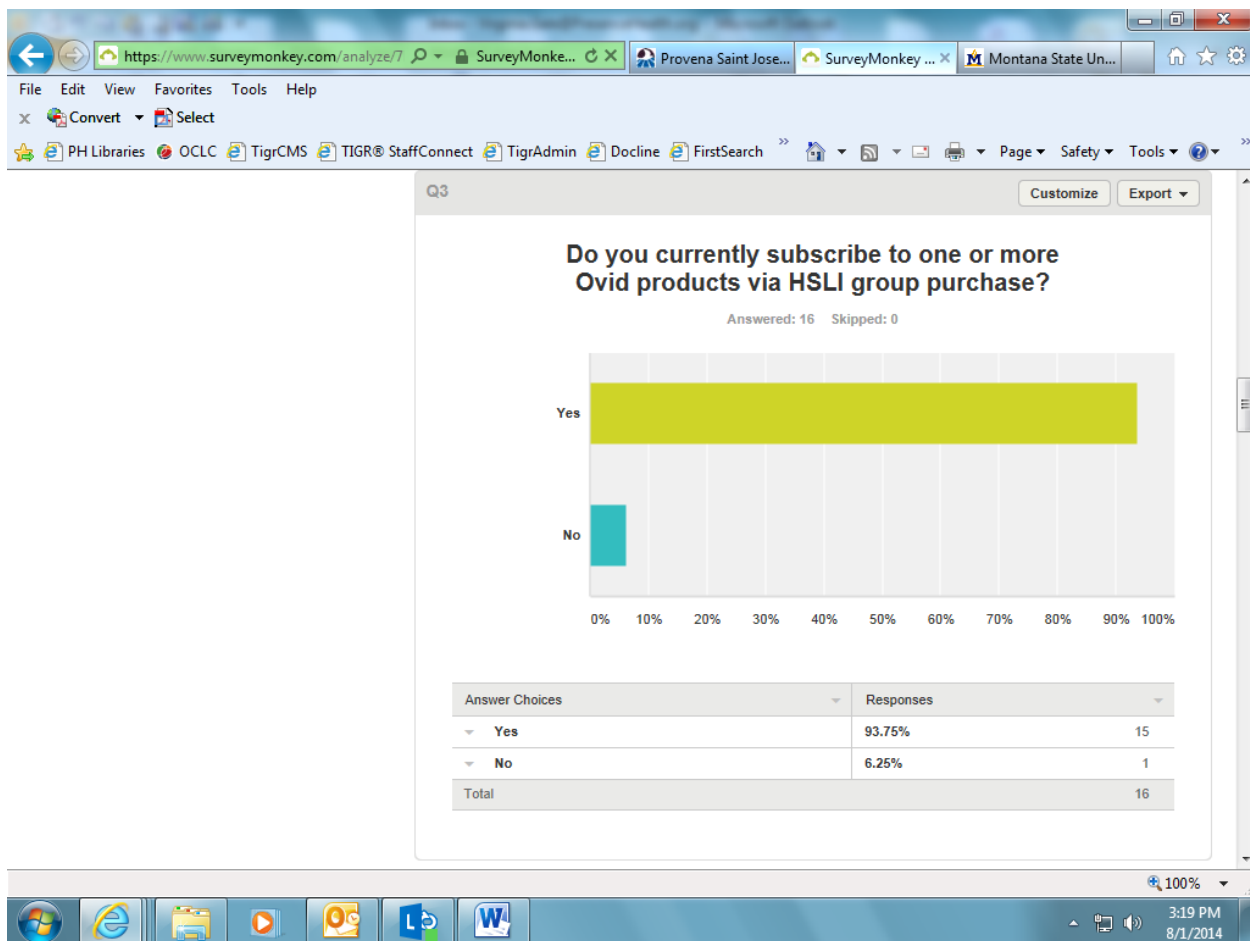

3. Attached Items:
