HSLI Newsletter

Volume 10 Number 2

June 1990

SOUTHERN ILLINOIS UNIVERSITY
SCHOOL OF MEDICINE LIBRARY
JUN 2 1990
SPRINGFIELD, ILLINOIS

MESSAGE FROM THE PRESIDENT

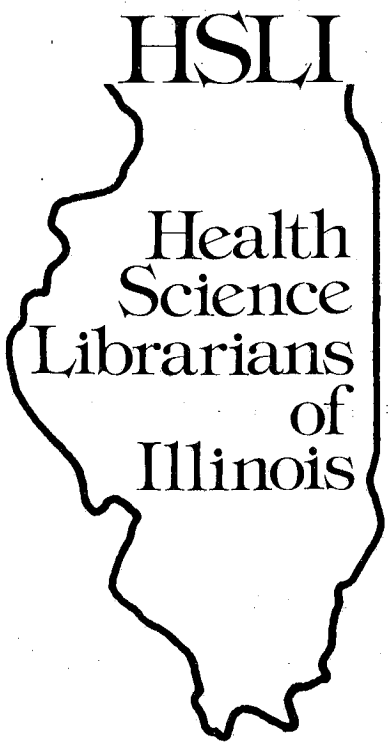

We should have been warned about working in a library. We should have been warned that the work is never done. Sometimes, I get so frustrated that I would just like to walk out and never return. I might receive twenty or more requests for information a day on very complex medical problems--a search is needed--articles must be pulled and copied--articles must be interlibrary loaned--books must be consulted--on and on. I am only one person. I should have been warned. I am amazed and very shocked to hear a librarian say that he/she has nothing to do. How can this be possible?

I know several libraries are departmentalized and perhaps the work can be completed. However, in a small medical library with a staff of 1-4 the work is never done. The challenge to this type of environment is deciding on priorities. My number one priority has always been the requests and needs of the patron. It simply has to be. Cataloging, filing, ordering, reading, processing, book selecting; etc. have to wait. I must admit that the neat piles of readings behind my desk grow and grow. I do eventually get at them.

I also know that I can not belong to every library organization or go to all the meetings. I would like to, but do not have the time or funds to do this. I have been very selective because of this. HSLI has been very beneficial because we face many of the same problems and events statewide.

In conclusion, as Archibald MacLeish (poet and former Librarian of the Library of Congress) stated, "Every American librarian worthy of the name is today the champion of a cause." True, library work is never done, but be glad that it doesn't end and has no end in sight.

Michael Wold

The HSLI NEWSLETTER is published by the Health Science Librarians of Illinois. It is published four times a year and is distributed free of charge to members.

REMEMBER WHEN...

at HSLI's 30th Anniversary celebration this Fall!

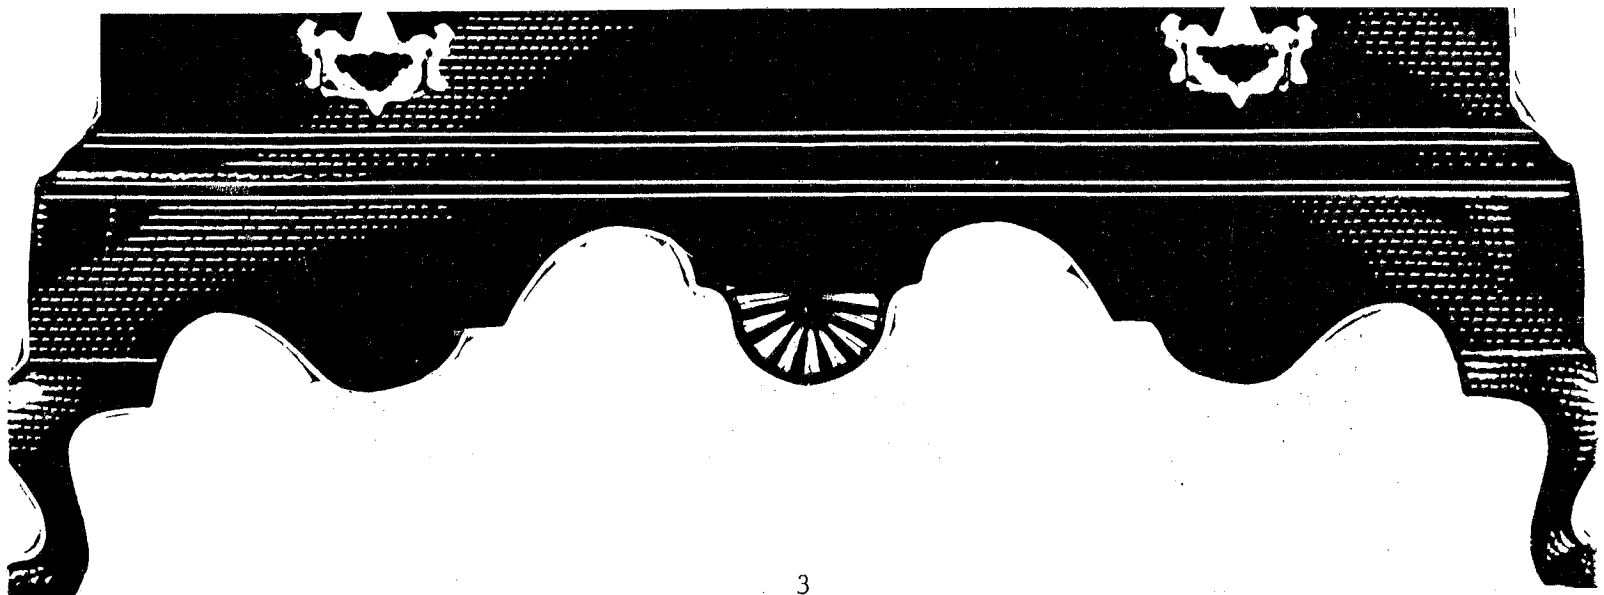

Mark your calendar now to reserve November 1-2, 1990 for the Fall HSLI meeting in Chicago.

The meeting will feature a full day of C.E. courses on Thursday, November 1, followed by a wine-and-cheese reception.

Friday's gala anniversary celebration at the American Hospital Association will feature Judy Messerle speaking on changing medical library roles, and a look back at the history of both HSLI and the Regional Medical Library network. All past HSLI presidents will be special guests at Friday's luncheon.

Deluxe accommodations have been secured at the historic Knickerbocker Hotel on Walton Place at North Michigan Avenue for the budget rate of only \$68 per night per room.

Watch for the registration packet!

IS YOUR MEMBERSHIP CURRENT?

Check the mailing label on this issue to see if your membership in HSLI is current and paid-in-full. The top line will indicate your membership status. If it says...

- PE90 -- You're a bona fide personal member for 1990!
- PE89 -- You owe \$10.00 for 1990 dues, please see below.
- PE88 -- How did this happen? You slipped by the computer!

IC, IN, or IR--This copy is for your institutional membership.

To bring a lapsed membership up to date, send a copy of this form with your payment of \$10.00 (made payable to HEALTH SCIENCE LIBRARIANS OF ILLINOIS) to:

COOPERATIVE COLLECTION MANAGEMENT COORDINATING COMMITTEE

Report by Dorothy Rowe
Central DuPage Hospital 708/682-1600x6536

The state has a new Cooperative Collection Development Coordinator, Barbara McFadden, whose office is at DePaul University. She has great enthusiasm for cooperative collection management on a multitype, state level. She would like to know about any cooperative collection management programs going on in the state. I am sure she will continue the good work started by former coordinator, Tom Dorst, who is now at the State Library.

A free publication which you might be interested in having is the CCD NEWS available from the Statewide CCD Coordinator's Office (312) 341-8894 or fax (312) 341-5145. This publication will keep you up to date on cooperative collection development/management in the state.

For the last year I have been serving on the Cooperative Collection Management Coordinating Committee (CCMCC) as a representative of the health science libraries, and I suppose all special libraries since I am the only special librarian on this committee. To prevent confusion, I have also heard this committee referred to as the Cooperative Collection Management (CCM) committee, the Statewide Cooperative Collection Development Project (CCD), or the Illinois Collection Analysis Matrix (ICAM) committee. ICAM is actually only one part of the CCMCC activity.

The (CCMCC) administers funds provided through the Illinois Board of Higher Education (IBHE) to support cooperative collection management projects among Illinois academic libraries. In addition, the committee serves as advisory board to the Statewide Cooperative Collection Development Project which is funded by the Illinois State Library using LSCA funds.

The CCMCC does much of its work through the five subcommittees which are Cooperative Acquisitions, Staff Exchange, Serials, Preservation, and Multitype Activity Coordination. The fifth subcommittee, Multitype Activity Coordination, is sponsoring focus group meetings throughout the state to identify multitype cooperative collection management activities, what is being done, what might be done, which libraries want to participate, etc. After information is gathered the subcommittee will make recommendations and take steps to facilitate the suggestions. I am serving on this subcommittee so if you have concerns or suggestions, let me know.

As Barbara McFadden states, "These initiatives are intended to create an awareness about individual collections within the context of an entire statewide collection of materials. They are intended to foster a climate of informed discussion and debate among those concerned with the management of library collections throughout Illinois. An awareness of the practices and needs of

other institutions and the development of a common vocabulary for discussing cooperative collection management is the anticipated result. Through the application of this process of cooperative analysis and discussion of the collective library resources of Illinois, more informed collection management decisions can be made."

SUMMARY OF HSLI---SPRING 1990 MEETING

The HSLI, Spring 1990 meeting, "Coping With Success" at UICOMP helped us to cope with success. The CE sessions "Understanding Library Users" by Prudence Dalrymple; "Statistics for Libraries" by Ruth Fenske and "Biosis"; all enhanced our awareness of how to analyze and determine ways to survive in our library environments.

The keynote speakers Freida Weise, Barbara Bush and Cheryl Riddell stressed the diverse and unique situations that we are faced with daily. From the rapid information explosion to not being able to find the stupid car keys in the morning; all play a part in our library performance. The important factor is for us to be able to handle, recognize, cope and sometimes ignore these stressors in ourselves and others.

A special thanks is expressed to Trudy Landwirth (UICOMP), Roy Jones (Methodist Medical Center); Heart of Illinois Library Consortium; the planning committee; and the University of Illinois College of Medicine at Peoria. The planning and preparation for this meeting was greatly appreciated. Thanks to all involved. The vendors, tour of UICOMP library, the hospitality, etc. added that special touch to this meeting.

The HSLI business meeting went smoothly. All committees reported progress. Congratulations to Priscilla Swatos for becoming Illinois Council Chair. Phyllis Nathan reported on the upcoming Fall 1990 meeting and the program plans for this event. She also discussed several others already underway. Great job to her and this committee. The archives are getting organized and found with the help of Janice Gahagan and Phyllis Schwab.

I will be looking forward to again seeing a large crowd at the Fall 1990 meeting in Chicago.

Submitted by,
Michael Wold
HSLI President

LIBRARIES UPDATING SERHOLD & DOCLINE VIA SILO

The following list of institutions are those libraries already registered with Suzanne Schriar at the ILLINET/OCLC Office at the Illinois State Library for updating their serials records via the SILO magnetic tape. If your library is not listed here, and you wish to be included in the tape to be run in November, 1990, you must contact Suzanne at (217) 785-1532 well in advance of the August 15, 1990, deadline.

EBSCO **is** **serials service for** **medical libraries.**

EBSCO believes in providing the best in serials service to our medical and health science library customers. So we've designed our services with you, the medical librarian, in mind. Take a look at just a few of the many benefits you receive when you order through EBSCO:

- Accurate, on-time order placement
- Online claims to major STM publishers
- Customized serials management reports
- Invoice information in machine-readable form
- Unique Missing Copy Bank® for Medical Titles
- Interfacing with major automated library systems
- Valuable MEDLINE®/EBSCO CD-ROM products available
- Complete Index Medicus™ Price Study conducted annually

To learn about these and other EBSCO serials services for medical libraries, contact us today. Let us show you what we mean when we say EBSCO is serials service for libraries.

ILLINOIS STATE COUNCIL HIGHLIGHTS

The Illinois State Council met in Peoria on March 29, 1990. New officers were elected: Priscilla Swatos (Illini Hospital, Silvis) will serve as Chair for 1990-1991; Nancy Dale (St. Anthony Medical Center, Rockford) is Vice-Chair; and Trudy Gardner (Rush University) will serve as Secretary.

Continuing last year's communication project, those Council members elected as Consortia Representatives will serve as liaisons with specific consortia in order to relay news of interest or concern between the libraries in those consortia and GMRMLN, ILLINET, and NLM. The representatives and the consortia they have selected to serve are:

Areawide Consortium	Roy Jones
Capital Area Consortium	Nancy Dale
Chicago & South Consortium	Emily Cunningham
East Central Illinois Library Consortium	Priscilla Swatos
Fox Valley Consortium	Dorothy Rowe
Heart of Illinois Library Consortium	Roy Jones
Illinois Health Library Consortium	Emily Cunningham
Metropolitan Library Consortium	Gerald Dujsik
Northeastern Illinois Library Consortium	Gerald Dujsik
Quad City Area Biomedical Consortium	Priscilla Swatos
Shabonna Library Consortium	Dorothy Rowe
Upstate Library Consortium	Nancy Dale
West Central Consortium	Nancy Dale

Please use these liaisons to communicate your concerns to the Council. Be sure to advise your representative when your officers change. Let us know how we can improve this effort to enhance communication.

Due to problems in the GMRMLN union list of serials, the SILO tape updating into SERHOLD did not occur May 1 as planned. For SILO libraries that update DOCLINE via the SILO magnetic tape, this delay will move the purchase of the SILO tape to November, 1990. A list of libraries already registered with Suzanne Schriar at the ILLINET/OCLC Office of the Illinois State Library (phone 217-785-1532) for the next SILO update is included in this issue. All additions to the list must be received by August 15, 1990.

Suzanne Schriar reported to the Council that the State Library will again fund the printing of the HSLI Serials Union List in May, 1991. She also announced future enhancements to the OCLC Union List (e.g. SILO) which will allow the addition of books and AV's. She will attend a workshop on this later this summer and relay news to us of how ILLINET will implement these changes. She also announced the June 20 dedication of the new State Library Building. Everyone is invited.

Trudy Gardner and Pat Pinkowski reported on their efforts to identify the non-aligned libraries that they represent on the Council. To date they have identified 128 institutions not currently affiliated with any consortium. Their next step involves writing to each of these to recommend networking with a local consortium.

The Council will be meeting July 20 at DuPage Library System in Geneva from 10 a.m. until 3 p.m. Please contact me (309-792-4360) if you wish to attend. All are welcome, but we want you to be aware if any arrangements for the time and place are changed.

Priscilla Swatos, Chair of the Illinois State Council

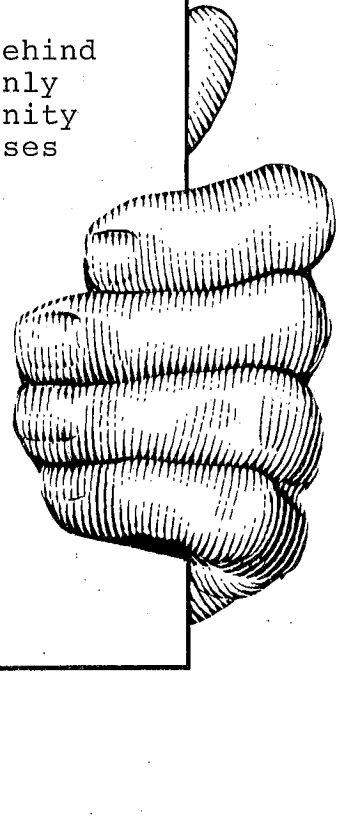

For Your Information:

The 3rd edition of Hospital Departmental Profiles, published by the American Hospital Association, does not include the hospital library as among the "37 major hospital departments" profiled.

To assure that the library IS included in the 4th edition, please express your concerns to: Mr. James C. Civik, Director, Healthcare Information and Management Systems Society, American Hospital Association, 840 N. Lake Shore Drive, Chicago, IL 60611.

Copies of your correspondence to AHA should be sent to Phyllis C. Gillikin, Chair, MLA Ad Hoc Committee on the Position of Hospital Libraries, NW AHEC Library - Hickory, Catawba Memorial Hospital, Hickory, NC 28602-9643.

Recent positive outcomes, initiated through work of the MLA Ad Hoc Committee on the Position of Hospital Libraries and the MLA Hospital Libraries Section, demonstrate the power behind concerned and verbal librarians. We can only make a difference if we take every opportunity to assure that the hospital library increases its visibility and its own profile.

Sometimes A Librarian Needs A Librarian

Every library has staff vacancies, workload crunches or special projects from time to time. They're inevitable. But don't let them stop you.

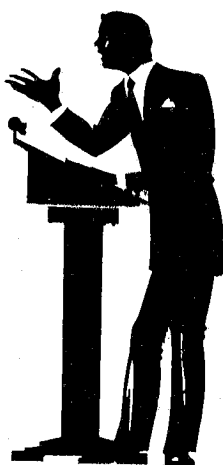

Call C. Berger and Company. We're professional librarians specializing in:

- Professional and clerical library temporaries*
- Nationwide executive searches
- Complete project management services
- Loose-leaf collection updating*
- Information management consulting

We'll do whatever it takes to get the job done, quickly, professionally and courteously. After all, who understands a librarian better than another librarian? Call or write us today for details.

Consortia/Local Groups in the 90's - Grants and Issues" is the theme of the workshop being presented by the Greater Midwest Regional Medical Library Network on Wednesday, October 24, 1990 at the Marriott City Center in Minneapolis immediately following MC/MLA. Frances E. Johnson, the Program Officer of NLM's Extramural Programs, will present an update on the state of NLM's new **Resource Grant Programs**. A panel of librarians who have applied for funding under the new program will present their experiences. **Discussion groups** will focus on issues important to Consortia/Local Groups. Registration for the half-day workshop is \$38. The Committee is applying for MLA CE credit.

For more information contact: Kim Goldman, GMRMLN Management Office, University of Illinois, Library of the Health Sciences, PO Box 7509, Chicago, IL 60680, 312/996-2464, FAX: 312/942-1951.
